Older brother Buggy who is so flippant with how he treats you that it makes you dizzy.

Older brother Buggy who will be all up in your business trying to spend time with you but as soon as anyone (especially Shanks) comments on it he's already on the other side of the ship grumbling under his breath about how stupid everyone is.

Older brother Buggy who feels bad if he actually upsets you by running off like that so as soon as no one is paying attention he'll go apologize (in his own Buggy way there's no way hes actually saying sorry) and go back to hanging out with you if that's what you want.

Older brother Buggy who gets jealous if you spend too much time with Shanks.

Older brother Buggy who will run over and snatch you up right under Shanks' nose if it goes on for long enough.

Older brother Buggy who will say he doesn't care about you while he holds you like you're going to disappear.

Older brother Buggy who rubs it in Shanks’ face whenever you choose to leave him for Buggy.

Older brother Buggy who gets you to help him with making fun of Shanks.

Older brother Buggy who holds himself back from yelling at you if you ever mention his nose. Roger pointed that out once and Buggy's face went so red that his nose blended right in.

Older brother Buggy who if you have longer hair will learn how to style it any way you want as long as you don’t tell anyone.

Older brother Buggy who will does his best to keep you (and himself) as far away from any battle the crew has as possible.

Older brother Buggy who gets so caught off guard if you go to him for comfort after you had a nightmare.

Older brother Buggy who tells you to go to Roger or Rayleigh instead but not because he doesn’t want to help you but because he doesn’t trust himself to comfort you proporly.

Older brother Buggy who will automatically give into you if you even get slightly close to crying.

Older brother Buggy who will reluctantly let you climb into his bed and cudle up with him.

Older brother Buggy who says you have to leave as soon as you feel better but when he looks down at you you’re already passed out against his side.

Older brother Buggy who debates picking you up and carrying you back to your bed but as soon as you grip onto his shirt in your sleep he throws that idea out the window.

Older brother Buggy who wakes up to Roger taking pictures of the two of you sleeping and end up yelling at him making you wake up.

Current day

Older brother Buggy who truly hasn't changed much since you were kids.

Older brother Buggy who still has a massive soft spot for you and will continue to deny it till the day he dies.

Older brother Buggy who may be weaker then you now but he will still act like your some small defenseless kid.

Older brother Buggy who demands you call him at least once a week and if you don’t he will find a way to show up and yell at you even if you're on the other side of the world.

Older brother Buggy who makes sure you know he doesn’t care about you or Shanks even though you know he keeps a picture of you three next to his bed.

Older brother Buggy who will try to murder you if you tell his crew stories of when you two were kids.

Older brother Buggy who runs his mouth about how he never wants to see Shanks again and how he hates him and blah blah but will automatically give in if you ask him to come visit Shanks with you.

Older brother Buggy who is still gets jealous if you spend to much time with Shanks and not him

Chapter 7: Koby

Older brother Koby who did his best to protect you while you were both on Alvida's ship despite how scared he was.

Older brother Koby who trains even harder then he does normally because he has you and he needs to be able to protect you from everything.

Older brother Koby who worries about you if you start to train as hard as him.

Older brother Koby who gets a little huffy if you call him a hypocrite for being fine with pushing himself that much but not being ok with you doing it.

Older brother Koby who may get told off by Garp for hindering your training. He may be worried and scared that you're going to hurt yourself but that doesn't mean he should stop you. He can't expect you to rely on him forever.

Older brother Koby who finally let's it up but don't expect him to stop being a massive worry wort over you!

Older brother Koby who will patch you up himself if you don’t want to go to the med bay.

Older brother Koby who stays awake with you talking to you in the barracks whispering so you don't wake anyone else up like when you were on Alvidas ship.

Older brother Koby who does his best to not let you and Helmepo be alone together because the last time that happened it ended with him getting teased by you two about things he did as a kid. He of course tried doing the same to you but Helmepo only cared about Koby’s embarrassing stories, not yours.

IF YOU BECOME A PIRATE

Older brother Koby who isn't mad that you joined Luffy but that doesn’t make him any less worried.

Older brother Koby who almost joins Luffy's crew with you because he is that hesitant to leave you.

Older brother Koby who is so distracted worrying about you that he ends up getting in trouble for slacking.

Older brother Koby who will still almost die from worry when you do finally get a bounty poster.

Older brother Koby who wants to be proud of you but he's too busy worrying to do that.

Older brother Koby who needs Helmepo of all people to finally smack some sense into him and get him to realize he can’t spend all day worrying about you.

Older brother Koby who then talks about you to Helmepo so much he rivals Ace talking about Luffy. Helmepo regrets snapping him out of his constant worrying now.

Older brother Koby who keeps your poster on him at all times so if he's ever missing you or letting his worry get to him he can look at it and remind himself you're following your dream.

Older brother Koby who will hug you so tightly when you finally see each other again that it feels like he's crushing you.

Older brother Koby who will fret over you like a mother hen looking for any type of injuries.

Older brother Koby who will disregard any of your complaints of being fine until he is one hundred percent sure you are.

Older brother Koby who will thank Luffy and the rest of the crew for looking out for you and taking care of you.

Older brother Koby who gets an ego boost if you comment on how strong he is now.

Older brother Koby who will not hesitate to tell embarrassing childhood stories if asked by Luffy or someone else.

Older brother Koby who is so proud of you that it brings him to tears.

Chapter 8: Sanji

Older brother Sanji who gets you to taste test all the new food he makes before anyone else.

Older brother Sanji who makes sure there are always some of your favorite snakes around.

Older brother Sanji who gets so over dramatic if you don't like something he made. He will be on the ground and acting like you shot him till you just walk away.

Older brother Sanji who always keeps an eye on you. He knows you can handle yourself in most situations but he can help but feel a bit overprotective of you.

Older brother Sanji who gets you to help him with cooking or baking when you’re upset or in a bad mood.

Older brother Sanji who will get mad at you if he ever catches you smoking because he doesn’t need you destroying your lunges, call him a hypocrite all you like he doesn’t care.

Older brother Sanji who gets mad at Luffy, Usopp, and Zoro quite often for being a bad example to you.

Older brother Sanji who feels betrayed when you team up with Zoro to tease him.

Older brother Sanji who will always prioritize you over everyone else no matter who they are.

Older brother Sanji who trains with you all the time so he can make sure you can defend yourself if you get split up from the crew.

Older brother Sanji who feels like he’s failing you if/when he loses a fight.

Older brother Sanji who gets so worried that he would do something wrong or that he won't be strong enough to protect you and you will start to hate him that he sometimes pushes you away and causes you to become upset and sad.

Older brother Sanji who used to get yelled at by Zeff for it and now is getting yelled at by Nami.

Older brother Sanji who feels like shit for letting his worries get the best of him and do the exact thing he was trying to prevent.

Older brother Sanji who apologizes with both words and your favorite food.

Older brother Sanji who has a weird sixth sense for when you are having a nightmare and wakes up and goes to you before you even wake up from it.

Older brother Sanji who will carefully wake you up and is not surprised when the first thing you do is hug him and bury your face in his chest.

Older brother Sanji who understands all too well what your nightmares are about.

Older brother Sanji who is willing to listen to you talk about it if you'd like. If you don't then he will find a way to distract you from it. Be it by playing some type of game or making food.

Older brother Sanji who will tell you how proud Sora would be if she saw you today if you ever start to doubt yourself or if you start to think that you're gonna turn out just like Judge.

Older brother Kidd who will get you anything you want if you give him puppy dog eyes.

Older brother Kidd who denies it adamantly when anyone including you point it out.

Older brother Kidd who understands what your feeling better then anyone else but still struggles with comforting you when your upset.

Older brother Kidd who will just ask you straight up what you want him to do to help because that's better then just sitting there doing nothing.

Older brother Kidd who will do his best to do what you ask but there is a limit to it. He will not do anything he deems embarrassing in front of the crew unless there is truly nothing else that will make you feel better.

Older brother Kidd who doesn't worry about you to much during battles. He knows for a fact you can handle yourself just fine without his or anyone else's help you are his sibling after all.

Older brother Kidd who argues with you all the time over the dumbest shit ever.

Older brother Kidd who paints your nails for you so you match with the rest of the crew. If you tell him you can do it yourself he'll just brush you off and tell you he can do it better. When he lost his arm though you started doing it for him instead since its a little hard to do it with a metal arm.

Older brother Kidd who yells at Luffy for "stealing you" even though you were the one who went up to him.

Older brother Kidd who tells you to stay away from both Luffy and Law, you don't of course why would you listen to his lame ass?

Chapter 10: Luffy

Older brother Luffy who dragged you along with him when he left dawn.

Older brother Luffy who will only sleep if he has you wrapped in his arms and legs.

Older brother Luffy who has eating contests with you all the time much to everyone else dismay.

Older brother Luffy who ropes you into all his crazy shit even if you don't want to go with him. It's fine, this is going to be fun!

Older brother Luffy who will refuse to leave you side until you are fully healed.

Older brother Luffy who gets yelled at by Nami and Chopper for laying on top of you while you’re healing.

Older brother Luffy who feels like it's his fault you got so hurt even though it most definitely isn't.

Older brother Luffy who will need you to smack some scene into his head to make him realize it really isn't his fault and that things like this are going to happen with you both being pirates.

Chapter 12: Whitebeard Pirates x Shy teen reader

Marco usually takes you with him whenever he needs to restock on medical supplies on whatever island you stop at. Even if you don’t talk at all or interact with anyone but him during the outing he doesn’t mind. He just wants you to go out in public and not just hide on the ship for your entire life.

Being the closest to you in age Ace tries to relate to you to get you to do more social things with him. You like a book series? He found(made) a fan club for you to join on Sphinx! You like a specific musician who is having a concert? He got the both of you tickets(don’t question how)! Ace just really wants you to make friends and have fun while you're still young and don't have much responsibility.

The person you can always go to if you want a break from all the chaos of the ship is Jozu. He may not be quiet for the same reason you are but he will be there to be a silent comfort for you if that's what you need. Sometimes if it’s what you would like, he will play some type of card game with you, usually go fish or war but if you have any other games you would like to play he will happily indulge you.

Thatch would get you to help him and his division with the cooking. He tries to get you to talk to everyone as he gets them all to help show you how to make your favorite foods or desserts. But of course he won’t push it if you get overwhelmed or just don't feel like talking. Another thing Thatch would do is prank people with you! Sometimes Ace, and Haruta would join in as well. Your usual targets would be Marco, Namur, Kingdew, Curiel, Rakuyo, and Fossa but it is not limited to them, you guys have pranked everyone on the ship including Whitebeard. Most of the time you do get caught but it was worth it in the end because it got you to smile and laugh.
