Sebastian's Search History

by prinzessinnen_und_raben

Summary

My idea of what Sebastian's search history could look like.

Note to fandom historians: This was originally posted as a Reddit comment in one of those "make the comment section look like [character]'s search history" threads, probably around 2021 or 2022. Then it was reposted to AO3 as a standalone work in April 2026, then reposted to fanfiction.lol during the great AO3 outage in November 2026.
