Bloomsai Drabbles

by Cesario

Summary

Each chapter is a Bloomsai Drabble, not in chronological order but roughly in the same universe. Tags, rating etc might and will change as I update this.
So far what I've written can also be read as platonic but that might change, idk, and in my mind they're in love so that's how I'm tagging it.
Chapter titles are song titles unless I run out.

Chapter 1: You're The Good

Chapter Summary

An evening sometime after the party stepped through that portal in s2.

Bloom is watching idly while his friends are winding down from the day, each in their own way. But really he's not watching David and Clark bicker while Megan is pretending to be annoyed by their shenanigans. He's also not watching Sharylda in her separate corner hugging herself or Jacques staring at her with an inscrutable look on his face.

Bloom's attention is only on one man. Focused on the flow of his meteor hammer. All movement. Grace. Danger. Beauty. Strength. The man who cries over hurting insects and during battle turns into the most brutally efficient killing machine. Puzzling.

Chapter 2: This Magic Moment

Chapter Summary

Bensai is meditating. Bloom joins him.

A soft smile spreads on Bensai's face.

Behind him the quiet steps of bare feet on leaves. Almost impossible to make out despite Bloom not trying to be especially stealthy.

A content hum in greeting from Bensai. Without opening his eyes, without getting up or turning around. Calm.

The rustling of branches as Bloom settles low in one of the trees to Bensai's left.

Comfortable silence spreads between them.

It's nice to have company. And it's nice to be understood without words, they both think.

A bird calls. Its mate sings back.

Bloom looks up to watch their dance. Beautiful.

Chapter End Notes

Song title by Jay and the Americans

Chapter 3: I've Got A Feeling I'm Falling

Chapter Summary

At night Bloom steals away from the party and talks to Zorro about his feelings.

Chapter Notes

Bloom settles on the forest floor with a sigh. He can still see the flickering of the party's fire where they've set up camp for the night. A warm, comforting glow.

Zorro curls up next to him, his head on Bloom's thigh who starts scratching the dog's ears absentmindedly, letting his thoughts drift. They play for a moment, with birds, weather, coming day, before settling on what they always seem to, lately.

"You know, Zorro, I keep looking at him. All the time. I don't know why. And when I'm doing something else I still think of him. It's strange."

Chapter End Notes

This was genuinely incredibly hard to prune down to 100 words.
Song Title by Fats Waller

Chapter 4: I Thought About You

Chapter Summary

At night while Bloom is gone Bensai wonders…

Chapter Notes

Bensai glances at his friends sleeping peacefully. All but Bloom who seems to have disappeared. He has come to expect this from the elf and knows he will probably be back by morning.

He does, however, wonder where he slips off to when he *isn't* back by morning. He asked one time.

The reaction that got him was very interesting. He wouldn't ask again as not to pry. But. He won't soon forget how flustered Bloom was, caught off guard by the question.

He's curious. About more than just Bloom's secrets.

Could he get a similar reaction if he…? Well.

Chapter End Notes

Really had trouble picking a song title for this one… I might run out sooner than I thought 😭
Settled on the Frank Sinatra one
