There was a troll with deer horns and sunglasses.

He loved a troll with curved, sharp horns. Although, the sharpness of his horns did not match with the softness of his personality, just one of the many reasons why Dammek loved him.

Love isn’t the proper word to use. Dammek does love Xefros, but in a way humans cannot understand.

They are not marked with the sign of hearts, but instead with the sign of diamonds, the shape as sharp as the horns of Xefros, yet meaning as soft as he is inside.

To Dammek, Xefros is a diamond.

Sharp, Soft, Precious, and everything in between.
